

GEORGIA MASTER TIMBER HARVESTER Introductory Workshop | 2020 Registration Form

- Workshop space** is limited and may fill up before registration closes. Your seat will be reserved only upon receipt of paid registration. We will send you a confirmation letter, detailed agenda, and directions to the workshop location after your registration is accepted.
- Attendance** all day, both days, is **required** to complete the workshop. Your registration fee covers training by experienced professionals, materials, lunches and refreshment breaks.
- Cancellation policies:** Cancellations received *before* the early registration deadline are eligible for a refund. Registrants who fail to attend or send an eligible substitute *are not* eligible for a refund. Workshops with fewer than 15 registered participants as of the registration deadline may be cancelled and refunded.
- Eligibility:** Current MTH members are *not* eligible to retake the workshop. If you expired last year, we discourage you from retaking the workshop, as it is both more expensive and requires many more hours than are needed to *Reinstate* (visit www.gamth.org to download a *Reinstatement Form* and see continuing education opportunities). If you expired more than a year ago, please call our office for guidance at 706.542.7691.
