GEORGIA MASTER TIMBER HARVESTER (MTH) Transfer Application, Page 2

Transfer Application Instructions

1. Fill in complete information at the top—including middle name or initial—company and contact info and occupation/business category.
2. Indicate how you completed Georgia Forestry Best Management Practices training.
3. Enclose the transfer fee and mail to the address at the bottom left-hand corner of the form or email the application and we will send you a payment link.

Additional Transfer Guidance

Transfer Requirements: An individual may be designated as a GA-MTH participant provided they satisfy the following three criteria. The individual:

1. ...is already designated active (or equivalent) in a comparable state logger education program, provided that the state operates under an approved MOU with SFI, Incorporated.
2. ...successfully completes training consistent with the GA-MTH introductory workshop BMP component within the year before applying for GA-MTH designation.
3. ...submits the appropriate application form, supporting documentation, and fee.

Renewal Period: Upon approval, the newly designated GA-MTH participant will have an initial expiration date of December 31st of the following year. The standard continuing education renewal requirements will apply for any accepted transferee, i.e., requisite 4 hours of approved continuing education, 1 in Category A (BMP Training), et cetera.

Audit: Renewal applications will be randomly selected to confirm satisfactory completion of continuing education claimed. For this reason, we recommend that you keep original documentation for at least two years for any completed training you claimed on your renewal application.

Questions? Please refer to our website (GAMTH.ORG) for additional program guidance, other forms, and answers to frequently asked questions. If you don't find what you need there, you may contact our office by email (gamth@uga.edu) or leave a phone message at 706-542-7691.
